About The College

Excelssior Education Society's K. B. College of Arts and Commerce for Women is an educational institute established in 1992 in the city of Thane with the sole objective of empowering girls and making them self-reliant. Believing in the vision 'SAMSKRITHA STREE PARASHAKTI' - The Enlightened woman is the true strength of society and nation; the institute offers traditional as well as professional undergraduate and post graduate programmes for girls. Empowered woman being the foundation for nation building, the college has persistently focused on status of women with a mission of developing entrepreneurship, confidence and self-reliance in the girl students. The college is conscious about the social, cultural and current issues and educates its inmates to deal with all situations with a humanitarian face. The campus has a rich academic and research environment and always grabs opportunities to conduct conferences and seminars of national and international standard in the campus. The global COVID situation had involuntary impulses to explore in depth the pre-COVID, COVID and post-COVID situation. Thus, the practice of the institute to dig into the local and global scenarios has created a quality platform in the campus.

About The Conference:

Over more than a year, the entire global community has experienced an unprecedented shift in their day-to-day lives due to the outbreak of pandemic Covid-19. Life adjustments often come with a wide range of experiences and emotions. The transition to the new normal hasn't been smooth. It has rapidly affected our day to day life, business, disrupted the world trade and movements. In these times of uncertainty, one thing which is certain is the challenge faced by the entire humanity in adjusting to the new changes. Be it planned or unplanned, gradual, or sudden, change is inevitable and very much part of being human. However, hard work and innovations have always helped humanity in all uncertain situations. The webinar on 'Humanity Awaiting Tranquility By Exploring New Avenues In Pandemic Nightmare' is planned with the objective to bring together the intellectuals for a fruitful discussion which can lead to suggestions and road maps to ride out the effects of the COVID-19 pandemic.

Sub-themes

- Challenges and Opportunities of global economy in pandemic times
