Department of Bachelor of Science in Information Technology

Annual Report 2019-20

The Department of Bachelor of Science in Information Technology has conducted varieties of activities for the students to enhance their practical skills and hands-on experience about various programming platforms.

The following is the summary of all activities conducted in the year 2019-20:

- 1) **Seminar on Career in Python Programming:** Python programming is powering the global job market in the field of Data Science, Scientific and mathematical computing, Web development, Finance and Trading, Basic game development and so on. It is widely used in big companies like Google, Instagram, Disney, Yahoo, IBM, and many others. **To divulge this to our students the department lined up with the activity Career in Python Programming on 24th January, 2020 by NIIT Pvt. Ltd. Mrs. Samrudhi Pitkar(Specialization Python with Data Science).**
- 2) **SEED-IT IDOL:** The SEED IT IDOL is the flagship event of SEED InfoTech Ltd. to identify, promote and reward IT talent in the region. The event is being conducted in association with Mumbai University. Department of Bachelor of Science in Information Technology conducted hard coding on c++ programming on **28th February, 2020** for First and Second year students with SEED InfoTech in collaboration with Mumbai University. This activity was conducted to enhance their logic building skills and awareness about the current programming requirements and its importance. The Workshop was conducted in three rounds. The first was at college level and second was thane region level and third was all over Mumbai region.
- 3) **Poster Making on COVID-19 Pandemic:** Department of Bachelor of Science in Information technology Intra departmental activity on COVID -19 was organized to give an opportunity to the students to come up with their creative writing and presenting skills on **17th April, 2020.**
- 4) **National Level webinar on “Python with ARTIFICIAL INTELLIGENCE”:** Artificial Intelligence and Machine Learning are the new backbone of IT industry. Today AI went far beyond science fiction idea. Python offers many features that are helpful for AI and ML in particular, and that makes it the best language for those purposes. So the department lined up with the activity on **10th June, 2020** by Squad InfoTech Pvt. Ltd. **Mr. Shashank Mundaye** was the resource person.

Poster Making on COVID-19 Pandemic

Department of Bachelor of Science in Information Technology

Annual Report 2018-19

The Department of Bachelor of Science in Information Technology conducted variety of activities for the students to make them aware about coding. Programming careers have great earning potential and it gives new perspective to problem solving and offers career flexibility.

The following is the summary of all activities conducted in the year 2018-19:

- 1) Seminar on Web Designing:** A quality website is that which comes with perfect codes, well-organized in terms of content, provides ease of navigation, clarity in layout and completely functional. The department took an initiative to organize an activity on Web Designing with the help of Decodetch Pvt. Ltd. on **18th August, 2018**. **Mr. Ritesh Mahipatrao** was the resource person (Specialization- Web Designer).
- 2) Interactive Session on Placement Guidance:** Many organizations today are incorporating interactive sessions for the students into their learning and development strategies, moving away from traditional model of classroom-based teaching. The department took an initiative to organize an interactive session on placement guidance on **08th September, 2018**. **Mrs. Mayura Patil (Specialization- HR & Marketing)** and **Mrs. Nitu Nair (Specialization- Marketing)** was the resource person.
- 3) Web exhibition:** Due to unavoidable stimulus changes in IT industry and to identify student analytical intelligence and willingness in this segment, the department took an initiative to organize a web exhibition. The activity was conducted on **10th September, 2018**.
- 4) Seminar on Advanced Java:** Advanced Java is used for developing the Web based application and enterprise application. It has complete solution for dynamic processes which has many frameworks design patterns servers mainly JSP. The department lined up a seminar on Advanced Java on **12th September, 2018**. **Mr. Abhay Shinde** was the resource person from **Squad InfoTech Pvt. Ltd.**
- 5) Seminar on Career in Android Programming:** Android App Development is on Boom. As such, we are witnessing a surge in the mobile application development market. Today, Smartphones & internet connectivity have become a necessity for many people across the world. Be it social networking games, media, e-commerce, or anything users rely on mobile apps. To admonish these retrofit of Android Programming, department proffered to conduct an activity on career in Android programming on **23rd October, 2018** with the help of Squad Pvt. Ltd. **Mr. Raj Shinde (Specialization Android Developer)** and **Miss. Nayana Sonone (Specialization Android Developer)** were the resource person.
- 6) "WE MEAN GREEN" (Skit and presentation model):** A record 53.6 million metric tons (Mt) of electronic waste was generated worldwide in 2019. This makes e-waste the world's fastest-growing domestic waste stream. To create awareness among the students, the department organized skits on E-waste followed by presentation model on **23rd January, 2019**.
